

To respectfully and compassionately empower persons and families in need of housing to become self-sustaining by providing shelter, needed services, and professional guidance.

We are so thankful to have housed 11 people including 5 children in the past two months!

Our shelter program and outreach center operate 365 days a year, from morning to evening, providing food, safety, and a path toward permanent housing. We invite you to partner with us. Together, we can build the kind of community where everyone belongs.
